

## SUNDAY FOLLOW-UP

# Sermon Review and Reflection Guide

A reusable worksheet for remembering the message, examining Scripture in context, and choosing a faithful response for the week ahead.

|              |              |
|--------------|--------------|
| SERMON TITLE | DATE         |
|              |              |
| SPEAKER      | MAIN PASSAGE |
|              |              |

## 1 Remember the message

Before checking your notes, write the central truth of the sermon in one clear sentence. Then name the image, phrase, question, or moment you remember most.

---

## 2 Return to the text

Read the main passage again, including the paragraph or chapter around it. Let the biblical text lead the review rather than relying only on memory of the sermon.

**What does the passage say?**

---

---

---

**What did it mean to its original audience?**

---

---

---

**What does this reveal about God, people, sin, grace, or faithful living?**

---

---

---

**Is the key statement a promise, command, wisdom principle, prayer, prediction, or description?**

---

---

## 3 Respond faithfully

Biblical understanding should shape life. Choose a response that is specific enough to practice and humble enough to depend on God.

**One truth I need to believe**

**One habit, attitude, or action I need to change**

**One person I can encourage or serve**

**One question I still need to explore**

**My prayer for this week**
